

Future Faculty & Research Scientist Mentoring Program Overview

The Future Faculty & Research Scientist Mentoring Program is one of the flagship IAAMCS programs focused on providing mentorship to senior doctoral students, and postdoctoral researchers focused on jobs, especially in academia. Throughout the history of the program, 44 PhD students have participated in the program.

This mentoring program covers:

- Application process
- Interview preparation
- Networking for job opportunities
- Academic job calendar
- CV review & optimization
- Offer negotiation
- Evaluation of multiple job offers
- Understanding what jobs to apply to
- 1:1 progress update meetings
